

Ceren Clulow

Ceren Clulow MBA Currently leads the Digital Connectivity Service in Nottinghamshire County Council.

Ceren worked for the Council for over a decade and most recently has brought together a consortium for a 5G testbed in Sherwood Forest.

The Council-led £10 million project will see cutting-edge apps transform the visitor experience and the new robotic environmental management will also be tested alongside live monitoring of the health of Sherwood Forest to preserve the site for future generations.
